Every year **Teacher's Day** is celebrated in India on September 5 to honour former President, Dr Sarvepalli Radhakrishnan. Born on September 5, 1888, Dr Radhakrishnan was a renowned scholar, teacher, educationist, and politician. For his contribution to education, this day is celebrated as a mark of tribute to the contribution made by teachers in shaping the life of students to become a good human being, a better member of the society and an ideal citizen of the country. As the educational Institutions across the country have closed because of the COVID-19 pandemic, we have found a greater appreciation for teachers as we've seen just how their passion to help students learn has spilled over into virtual classrooms. Keeping this in view, **Govt. College for Women Nawakadal** is organising an online essay writing competition for the students across the country so that they can express their gratitude for the work the teachers are doing while maintaining Social distancing.
